

# Welcome to Midlothian Chiropractic Clinic

We are dedicated to providing the highest quality, family chiropractic care and spinal health education in a comfortable atmosphere. Our procedures have been adapted from the best chiropractic offices in the country and are intended to optimize your chiropractic experience. It is our honor and pleasure to serve you.

## WHAT TO EXPECT

**TODAY** you will complete important paperwork. Then you will receive a thorough consultation, exam and specific diagnostics for your particular needs. Your patience is appreciated while we begin to gather the information that is necessary to fulfill your expectations and the demands of your body.

**TOMORROW** the doctor will provide you with a complete report of your exam findings. You will also receive your first, gentle chiropractic adjustment.

**ON YOUR NEXT VISIT** Dr. Collins will evaluate your body's response to your adjustment. He will adapt his recommendations from the evaluation of your care to this point. He will explain the benefits of corrective care and the process he uses to accomplish the maximum change. You are encouraged to bring your spouse or significant other. You will be presented with important decisions regarding your chiropractic future and we want everyone involved to be comfortable with our plan of action and the dedication that is required to fulfill it.

We hope you are excited to be here because we are excited to have the opportunity to remove your subluxations, encouraging your body to function at a higher, pain-free level. We are always open to your questions, concerns and especially your success. We look forward to beginning a healthy future with you!
